

Beat Asthma Friendly School Accreditation 9 steps

1) Beat Asthma Friendly School Asthma Policy

- Supporting pupils with medical conditions at school
- Emergency asthma inhalers for use in schools
- Register to monitor asthma absences

2) Asthma Register

- Named asthma champion/lead
- Emergency inhaler opt out consents
- Asthma health care plan and personalised asthma action plan

3) Emergency Inhaler Kits

to be used when CYP own inhaler is not available

- Minimum of three emergency inhaler kits
- Emergency kit content checklist

4) Medications

- Provided by parents with prescription details on inhaler and spacer
- A system is in place to check the expiry dates

5) CYP that self-manage

-if a CYP carries their own inhaler as part of their IHCP. Parents should be informed that carries their own inhaler as part of their IHCP. Parents should be informed if a CYP appears to be using their reliever inhaler more frequently than usual in school. Home | Healthier Together | (nenc healthiertogether.nhs.uk)CYP encouraged to carry PAAP

6) Pollution

- Evidence of awareness within school.
- Triggers outdoor/indoor pollution.

7) Whole School Approach

- Evidence of involvement with parent/carers.

8) CYP - Asthma Ambassadors

- Children's views on Asthma is school.

9) Staff Training

- All school staff complete online asthma awareness session then biannually.
